

## Golf-Apartment in Guadalmina Alta

### *Perfect apartment for Golfer*

**Fantastic apartment direct at the golf course with stunning views over the golf to the sea. Amenities like restaurants, bars and supermarkets are very close.** Also Puerto Banús is just around the corner. The ample apartment offers high potential for investors and also for the end user – specially for Golf friends, as the urbanisation has its own buggy exit to the golf course. The elevated ground floor apartment has a beautiful view from the terrace and both bedrooms. A underground garage completes the property. A perfect investment – very high rental potential – long term or short term!
